RESIDENCES

INTRODUCING
**TORONTO'S
PREMIERE ADDRESS**

Welcome to Oscar, an artfully-inspired lifestyle in the Annex. Discover contemporary architecture, taste-making amenities, and a limited collection of private residences, surrounded by culture and sophistication in one of Toronto's most dynamic neighbourhoods.

AN INSTANT MASTERPIECE

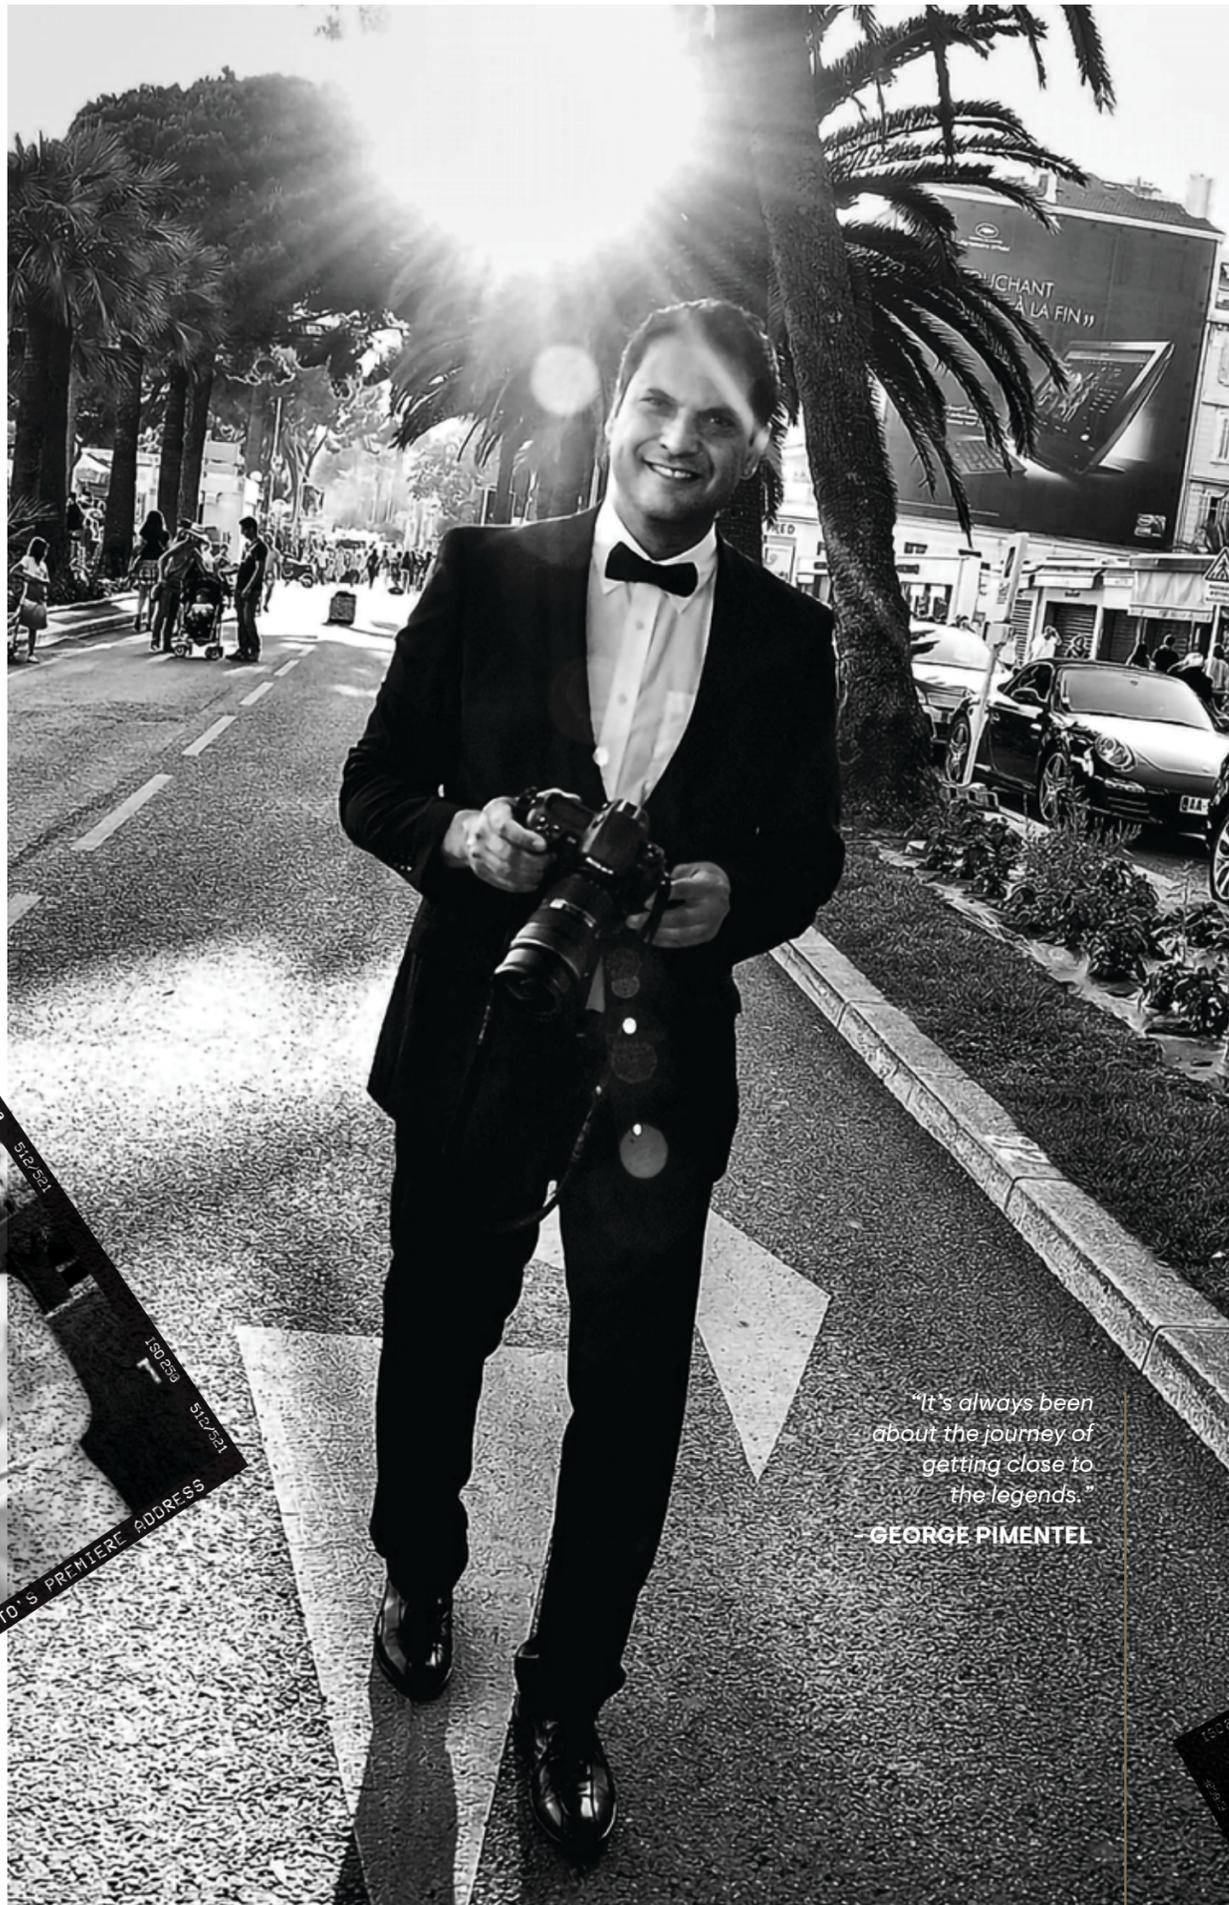

Classic black and white cuts a striking figure on Dupont Street. The contemporary architecture rises 9 storeys, transitioning from expansive glass at street level to crisp white precast and back again. The stepped design creates enviable opportunities for sun-filled terraces that overlook the city.

"[Architecture] is very similar to directing, because you get to walk among this piece of art, to live in it, be surrounded by it, which is just thrilling."

- BRAD PITT

"It's always been about the journey of getting close to the legends."
-GEORGE PIMENTEL

TORONTO'S PREMIERE ADDRESS

OSCAR RESIDENCES ARTIST COLLABORATOR: **GEORGE PIMENTEL**

For nearly 30 years George Pimentel has been shooting the who's who of Hollywood royalty, making the rounds with his favourite Hasselblad on red carpets at Cannes, Sundance, the Oscars, the Grammys, and of course, the Toronto International Film Festival. His signature Canadian approach (get close, be nice, and shoot a single

frame) has resulted in some of the most striking photographs of A-listers from Charlize Theron and Angelina Jolie to George Clooney, Brad Pitt, Gwyneth Paltrow, Jack Nicholson, and Robert DeNiro. Now, his iconic black and white shots will grace the walls at Oscar, imbuing the contemporary spaces with a touch of old-world glamour.

"The secret to a great photograph is to capture the magic that already exists in the moment and to share it with the world."

- GEORGE PIMENTEL
